## PROFILE

Frontend Web Developer with a strong foundation in HTML, CSS, and JavaScript. Seeking an opportunity to leverage my problem-solving skills and drive innovation within a progressive company. Adaptable and quick to learn, I excel in tackling complex challenges. I am eager to collaborate with a creative team focused on growth and continuous improvement. Committed to becoming a better Frontend Web Developer.

Go to my portfolio and LinkedIn page for **projects, certificates and more**.

Centre of English Studies  
Dublin-Ireland

## IDIOMAS

Spanish => Native

English => Fluent

German => Basic

## EXPERIENCE

### ***Rumen Web Page (Freelance) -- December 2023 – till now.***

Developed dynamic and user-friendly website for Rumen Carnes Ahumadas, a leading Texas BBQ smoked meats restaurant and producer based in Pucón, Chile.

Utilized **React JS**, **TailwindCSS**, **NestJS**, and **MongoDB** to create a highly functional landing page with integrated e-commerce platform.

Enabled customers to conveniently place delivery or take-away orders through the intuitive online ordering system.

Started development of a mobile application using **React Native**, **NativeWind** for styling, and **Expo** for cross-platform compatibility (Android and iOS).

Demonstrated commitment to transparency and collaboration by sharing the entire project's codebase on GitHub.

Check out the project here: <https://rumen-rey david1500.vercel.app/>

### ***Entrepreneur -- November 2021 – March 2023***

Opened a Restaurant and Food Processing Company dedicated to preparing BBQ Texas smoked meats.

### ***Sales Engineer -- Industry related – 2012 – 2019***

Experienced Sales Engineer in diverse industries, including welding, gas applications, and industrial materials.
